Keep the base clean and do not keep it covered with moss, leaves, bark, ...
Permanent moisture and possible chemical processes from eg. fertilization might lead in some occasions to a corrosive reaction.

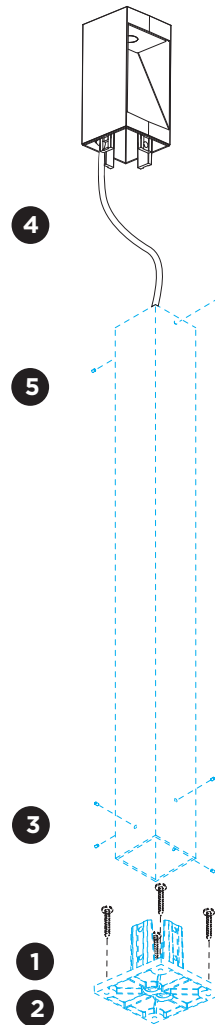

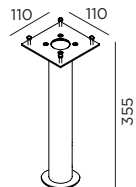

mounting base:

ground spike is optional:

ground fixation is optional:

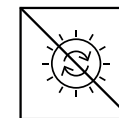

DIMENSIONS

MOUNTING INSTRUCTION

- 1 Remove the mounting base.
- 2 Fixate the mounting base to the ground or ground spike/ground fixation with screws (screws are not included) in case of direct mounting. When mounting with spike or ground fixation, screws are included with the ground spike/ground fixation.
- 3 Fixate the base fixture to the mounting base with the 4 side screws.
- 4 **POWER CONNECTION**
Connect to 220-240V. Connect the wires with the waterproof connections. Please see the detail method in the separate instruction sheet of waterproof connection.
- 5 Attach the luminaire on the base by fixing the side screws.

The light source is not replaceable.

This luminaire contains a light source with the energy class G.
